

LETTER OF ANNOUNCEMENT
2016 schema retirement of the OBP Interface

25th April 2019

Dear all,

EMVO is contacting you to inform you that the 2016 schema of the OBP interface will no longer be supported as of 1st October 2019.

If an OBP is currently still using the 2016 schema, this must be switched to the 2018 schema no later than September 30th, 2019 in order to be able to connect with the EU Hub.

If you are an OBP and are not aware of whether you are using the 2016 schema of the OBP interface, we would ask that you consult directly with your IT provider/department. EMVO bears no liability for any losses, claims or other damages that may arise out of the use of the 2016 schema.

There is not currently a large number of OBPs affected by this announcement, however for those who are we strongly urge you to make this change in good time.

In the event of any question or uncertainty, please do not hesitate to contact our Helpdesk:
