

**LETTER OF ANNOUNCEMENT
COMPANY TYPE**

Wednesday, the 31st of January 2018

Dear On-boarding Partner,

EMVO contacts you with respect to your company type.

On the On-boarding Partner Portal, in step 1.1. - *Company Information*, your company is requested to provide EMVO with the information about your company type:

- Either **Original Pack Manufacturer (MAH without Parallel Distribution Activities)**; the classical pharmaceutical company that holds marketing authorisations and operates its own manufacturing facility (in a wholly owned entity or sometimes by using a third-party manufacturer). On a technical point of view, this allows you to upload original pack data not sourced from a repackaging operation to the EU Hub.

- Or **Parallel Distributor (MAH with Parallel Distribution Activities)**; the parallel distributor that is, by virtue of the FMD, a "manufacturing authorisation holder" for the necessary repackaging operations. On a technical point of view, this allows both the decommissioning of already uploaded pack data from a source market and the subsequent upload of new products into the market.
