

LETTER OF ANNOUNCEMENT
New Minor Release of the EU Hub

Brussels, the 8th of November 2018

Dear,

EMVO regrets to inform you that Release 1.4.01, which we had informed you was due on 7th November, has been postponed as the necessary documentation was not fully delivered in time.

As we expect the installation to take several hours, we have also decided to do the installation on ITE and IQE on separate days.

The Release has been re-scheduled, and the planned deployment is for:

- ITE: Start of business Friday 9th November 2018 – no downtime
- IQE: Start of business Monday 12th November – no downtime

We apologise for any inconvenience this re-planning may have caused.
