

LETTER OF ANNOUNCEMENT
Successful deployment of the new Release of the EU Hub

Monday, the 20th of August 2018

Dear On-boarding Partner,

EMVO has the great pleasure to announce that the Release 1.4 of the EU Hub has been successfully deployed.

Beside modifications related to the Inter-market Transactions (IMT) and improvement of selected functionalities, this upgrade has following impact:

- Product Withdrawal functionality has been implemented
- Retrospective Data Upload functionality has been implemented
- Backwards Compatibility in the context of the EMVS European Hub has been implemented and described

All environments (ITE, IQE and PRD) are now available and fully functional. The technical documentation related to the latest EU Hub version is available on the On-boarding Partner Portal, Step 4.1 'Technical Info Pack'.

EMVO would like to thank the Solidsoft Reply Team for their great effort, performance and commitment – especially over the last 2 days – related to the deployment of the Release 1.4. The effective collaboration between the EMVO Team and Solidsoft Reply Team is a true example of making our overall mission a reality.
