

LETTER OF ANNOUNCEMENT
EU Hub Release 1.7 ITE, IQE & PRD deployment

20th March 2020

Dear all,

Following the [Letter of Announcement](#) from 27th February, EMVO would like to provide more information regarding the deployment dates of Release 1.7 in the Integrated Test Environment (ITE), Integrated Quality Environment (IQE) and Production Environment (PRD).

- The deployment of R.1.7 in **ITE** is planned on **25th March**, during business hours (9:00 CET onwards). A planned downtime window of approx. 8 hours will be published on the EVI.
- The deployment of R.1.7 in **IQE** is planned on **27th March**, after business hours (18:00 CET). A planned downtime window of approx. 8 hours will be published on the EVI.
- The deployment of R.1.7 in **PRD** is planned on **18th April**, after business hours (20:00 CET). A planned downtime window of approx. 8 hours will be published on the EVI. However, please note that the planned deployment in PRD is fully dependent on the outcome of the Interoperability testing.

For the functionality changes associated with Release 1.7, please consult the [Letter of Announcement](#) from 17th February.

Additionally, please kindly note that the Technical Documentation associated with Release 1.7 will be made available in the Technical Information Pack on the OBP Portal prior to the deployment of the release.

EMVO will also communicate once Release 1.7 has been successfully deployed in ITE/IQE and, if needed, will provide further information regarding deployment in PRD.

Furthermore, please be informed that the 2016 schema of the OBP Interface will no longer be supported as of EU Hub release 1.7. If you are still using the 2016 schema, please switch to the 2018 schema before mid-April 2020.
