25th March 2020

Dear all,

EMVO has noticed that you are still using the 2016 Schema. Therefore, EMVO would like to kindly urge you to finalize the implementation of the new schema on your side.

As informed multiple times within the past months, the 2016 schema of the OBP Interface will **not be supported** anymore as of EU Hub Release 1.7. The deployment of Release 1.7 in PRD is planned on 18th of April 20. Therefore, if you are still using the 2016 schema, please switch to the 2018 schema **before the 17th of April 2020**.

If you need assistance from EMVO with this migration, please feel free to contact us on the number indicated below and we will do all we can to help.
