

LETTER OF ANNOUNCEMENT
EU Hub Release 1.7 ITE & IQE confirmation

30th March 2020

Dear all,

EMVO can officially announce that EU Hub Release 1.7 has been **successfully** deployed to the Integrated Test Environment (ITE) and Integrated Quality Environment (IQE).

EMVO has previously announced the full functionality changes related to this release of the EU Hub. Please refer to the [Letter of Announcement](#) from 17th February for further information.

Additionally, be kindly reminded that the deployment of R.1.7 in **PRD** is planned on **18th April**, after business hours (20:00 CET). A planned downtime window of approx. 8 hours is already published on the EVI. However, please note that the planned deployment in PRD is fully dependent on the outcome of the Interoperability testing.

EMVO will provide further information regarding Release 1.7 in PRD in good time, if needed.
