Scope of Reference: All EVI subscribers

Dear all,

The intention of this communication is to provide clear guidance on subscribing to notifications for national systems from the [European Medicines Verification System Information \(EVI\)](#) tool on the EMVO website.

The EVI provides information on Known Issues and Downtimes of the systems of the EMVS. EMVO takes responsibility for adding entries related to the EU Hub, OBP Portal, and EMVO Gateway, with the NMVOs taking responsibility for the entries added to the EVI for their national systems.

If you are not receiving EVI notifications and have previously subscribed to the system, it is possible to [edit your subscription or re-subscribe](#). If you want to edit your subscription, please follow the link contained at the end of a previous EVI notification. Furthermore, if you would like to re-subscribe to receive notifications from national systems, please visit the EVI homepage to re-register through the 'Subscribe' function.
