

**LETTER OF ANNOUNCEMENT**  
**Static IP addresses for the EU Hub: ITE deadline**

24<sup>th</sup> September 2020

As mentioned in our [previous announcement](#), changes to the Outbound IP addresses (Hub to OBP) will commence shortly. In particular, the deadline to apply the new, static IP address to the ITE environment is on Monday, 28<sup>th</sup> September 2020.

You must add the new IP address in your whitelist and firewall settings without delay. Please contact your IT department or solution provider promptly to ensure you have the right configurations and to avoid any unwanted disruption to your daily operation and workflows.

After the 28<sup>th</sup> September, the current IP address for ITE will no longer be valid, and you can safely remove it from your settings.

**Environment:** ITE

**Name:** ite-hub.emvs.eu

Traffic	Current IP Addresses	New IP Address
From OBP to Hub (Inbound)	52.174.198.3	No Change
From Hub to OBP (Outbound)	137.117.174.95	51.136.75.137
