

**LETTER OF ANNOUNCEMENT**  
**EU Hub Release 1.9: Estimated deployment date for PRD**

19<sup>th</sup> May 2021

Please find below an estimated deployment date for Release 1.9 in PRD of the EU Hub:

- The deployment date in PRD is **planned** for **Friday 4<sup>th</sup> June 2021**. However, note that the planned deployment in PRD is **fully dependent on the outcome of the Interoperability testing (IOT)**, which is currently in progress.
- There is a **planned downtime** associated with this deployment. The exact time will be shared shortly following the outcome of the IOT.

The functionality changes associated with Release 1.9 are detailed within our previous [Letter of Announcement](#).

Additionally, note that the Technical Documentation, including the Release Note and Software Development Kit (SDK), associated with Release 1.9 is available in the Technical Information Pack on the OBP Portal. From now on, new and existing Endpoint information will be integrated in the SDK documents.

EMVO will continue to provide updates about the deployment of Release 1.9 to the PRD Environment.

Should you have further questions about Release 1.9, please do not hesitate to contact our Helpdesk.
