

LETTER OF ANNOUNCEMENT
New Release of the EMVO Gateway

14th June 2021

EMVO is pleased to announce that a **new Release of the EMVO Gateway will be deployed on Friday 18th June.**

Please find below a list of the new functionalities this update will bring:

- **Search Alerts Functionality:** The EMVO Gateway will allow the users to search and filter by Alert ID, Date and Time, Alert Code and Source.
- **Update for the 2021 schema of the European Hub:** The EMVO Gateway will now run in the 2021.1 schema of the European Hub.
- **Security updates:** The EMVO Gateway will support the latest version of any and all third-party software.
- **Correction of the incorrect date format for product withdrawal and batch recall:** In the new Release of the EMVO Gateway the “Effective Date” of Product Withdrawal and Batch Recall processes will be modified from a generic “0001-01-01” to the actual date and time when the request is transmitted to the European Hub to ensure consistency throughout the EMVS.

There is a **planned downtime** associated with this deployment. The downtime will begin at 18:00 (CEST) on 18th June and end at 19:00 (CEST) on 18th June.

Kindly note that **no actions are required from your side.**

EMVO will provide any necessary updates regarding the deployment of the new Release in due course.

Should you have questions, please do not hesitate to contact our Helpdesk.
