

LETTER OF ANNOUNCEMENT
AMS Clementine Release - Confirmation of deployment

27th November 2023

Further to the [Letter of Announcement](#) from June 2023, we are pleased to announce the successful deployment of **AMS Clementine (Hub V4.0.0 – Portal V3.0.0) Release** and provide some further details:

- IQE successfully deployed on **October 19, 2023**
- PRD successfully deployed on **November 24, 2023**

The changes included in the AMS Clementine Release can be found in the Release Note document [here](#).

EMVO has organised two informative sessions which went into further details regarding the changes within the AMS Clementine Release. The recording of the first session is available [here](#) while the recording of the second session is available [here](#). We also invite you to consult EMVO's Self Service Portal [here](#) which includes Q&As on the EAMS.

If you are an OBP interested in using the EAMS, please consult [this document](#) which summarises all the steps for a smooth and effective on-boarding.

To receive regular updates on any developments in relation to the EAMS and the status of the connected markets, please subscribe to our monthly EAMS Newsletter [here](#). Alternatively, we also invite you to subscribe to the European Medicines Verification System Information (EVI) [here](#) to receive immediate updates related to the EAMS.
