

LETTER OF ANNOUNCEMENT
EU Hub Release 1.15: Change of deployment dates for ITE & IQE

22nd April 2024

Further to the [Letter of Announcement](#) from March 2023, we wish to inform you that the **deployment dates for Release 1.15 of the EU Hub in ITE and IQE changed**. Please check below the new dates:

- **ITE** now planned for **1st of May 2024**;
- **IQE** now planned for **2nd of May 2024**;
- **PRD** still currently planned for **29th of June 2024**; this date could change following the outcome of the Interoperability testing (IOT).

A **10-minute downtime** is expected during the deployment in ITE and IQE. The downtime can occur anytime between 09:00 CEST and 17:00 CEST. Due to the nature of the deployment, EMVO is not able to indicate the exact downtime slot.

To find out more about the introduced changes, please consult [this overview](#).

For further information regarding the items covered in the Release 1.15, please consult the Release Note, which together with the Software Development Kit (SDK) and other Technical Documentation associated with Release 1.15 will be available in April 2024 in the Technical Information Pack on the OBP Portal.

Should you have any questions, please do not hesitate to contact our Helpdesk.
