

LETTER OF ANNOUNCEMENT
EU Hub Release 1.15: New change of deployment dates for ITE & IQE

2nd May 2024

Further to the [Letter of Announcement](#) from April 2024, we wish to inform you that the **deployment dates for Release 1.15 of the EU Hub in ITE and IQE changed once again due to unforeseen workload**. Please check below the new dates:

- **ITE** now planned for **8th of May 2024**;
- **IQE** now planned for **9th of May 2024**;
- **PRD** still currently planned for **29th of June 2024**; this date could change following the outcome of the Interoperability testing (IOT).

A **10-minute downtime** is expected during the deployment in ITE and IQE. The downtime can occur anytime between 09:00 CEST and 17:00 CEST. Due to the nature of the deployment, EMVO is not able to indicate the exact downtime slot.

To find out more about the introduced changes, please consult [this overview](#).

For further information regarding the items covered in the Release 1.15, please consult the Release Note, which together with the Software Development Kit (SDK) and other Technical Documentation associated with Release 1.15 will be available in beginning of May in the Technical Information Pack on the OBP Portal.

Should you have any questions, please do not hesitate to contact our Helpdesk.
