What is the European Medicines Verification Organization?

The European Medicines Verification Organisation (EMVO) is a Belgian non-profit organisation representing stakeholders united in securing the legal supply chain from falsified medicines.

Its founding members are EFPIA (The European Federation of Pharmaceutical Industries and Associations), Medicines for Europe (The European Generic and Biosimilar Medicines Association), PGEU (The Pharmaceutical Group of the European Union), GIRP (The European Healthcare Distribution Association) and EAEPC (The European Association of Euro-Pharmaceutical Companies).

What is the project of EMVO?

The project of the EMVO is the set up and governance of the European Medicines Verification System (EMVS). The EMVS integrates all parts of the medicines supply chain into a central medicines verification system. It exemplifies one approach of European Integration, as it establishes a new standard of supply chain safety in the healthcare sector. The EMVS requires multi-level project management by working with 32 nations and approximately 2500 companies located in all EU and EEA member states.

What is the internship about?

As the Finance and Business Development (FBD) intern, you will support the daily business of the FBD Department following the strategic direction of the FBD Manager.
