

NMVO's contact details

Dear all,

EMVO has the pleasure to announce that the section dedicated to National Medicines Verification Organisations (NMVOs) has now been created on our website.

This section explains On-boarding Partners (OBPs) the main prerogatives an NMVO has and the purpose aimed by the Delegated Regulation (EU) 2016/161 with the implementation of the National Medicines Verification Systems (NMVS).

Thanks to the information NMVOs provided us with, OBPs will now be able to find the relevant person of contact at the national level.

The NMVO section can be found at the following link and will be updated on a regular basis:

On our website page, we invite you to click on the national contact details card in order to be automatically redirected to the relevant NMVO's website, if present.

Many thanks for your contribution.
