

LETTER OF ANNOUNCEMENT - NEW EU HUB RELEASE 1.3

Dear On-boarding Partners,

EMVO is glad to announce that the deployment of the New Release (1.3) of the Hub will be available in Production Environment on Monday 11th of December.

In this release, the following new features are going to be implemented:

- Recall Batch
- Recall Batch Stakeholder Report
- Multi-Market Pack National System Pack Synchronization.

Due to the deployment of the new release to ITE environment, EMVO would like to inform you that the EU Hub will go off line in ITE as from Thursday 7th of December at 00:01am to Friday 8th of December in the morning. As a consequence, please be aware that OBPs in step 4 will not be able to pursue their Technical On-boarding during this down time. This only affects ITE Environment as IQE and PRD will stay available with Release 1.2.

The deployment of the New Release to IQE and PRD Environments will take place from Sunday 10th of December to Monday 11th of December 2017 in the morning.

The EMVO's team remains at your disposal for support and assistance.
