

EMVO SYSTEMS UPDATES:

EU HUB & OBP Portal

EU HUB

MANDATORY SCHEMA UPGRADE

Migrate from 2018.1 → 2021.1

Deadline: Before Jan 2027 (Release 1.20)

After this date, 2018.1 will be discontinued

ENDPOINT & CERTIFICATE CHANGES (CRITICAL)

New EU Hub certificate & endpoints (End 2026)

Migrate before 2 Mar 2027

Re-subscribe to notifications before 9 Mar 2027

Old endpoints will return O7 errors after cutoff

WHAT THIS MEANS FOR OBPs

Migrate to 2021.1 before Jan 2027

Plan for 2026.1 (post-2027)

Coordinate with your Gateway / IT Provider

Act early to avoid service disruption

OBP Portal

Release 5.0.0 - Key Updates

Automated legitimacy check monitoring

Reviewed every **12 months** → no manual follow-up required

Improved company name display

Shortened for readability → full name visible on **hover**

Enhanced issue tracking

Improved system logging enables faster **issue identification & resolution**

Improved form validation

“Save” activates only when all required fields are correctly completed → ensures **data accuracy**
